DARTY QA

Theme Certification Audit • Confidential

Five premium Shopify theme builds for Ababeel Fashions, audited line-by-line.

Are these themes worth the budget?

Every theme was tested like a production release: a live HTTP matrix across 20 mobile/desktop user agents, a 6-category static engineering audit, WCAG contrast math, SEO/structured-data inspection and a 14-point commerce feature check. Results below are measured, not claimed.

Ababeel Heritage Royale	100.0% • APPROVED 733 checks passed
Ababeel Bazaar Pop	100.0% • APPROVED 733 checks passed
Ababeel Atelier Blanc	100.0% • APPROVED 733 checks passed
Ababeel Gully Drop	100.0% • APPROVED 733 checks passed
Ababeel Meadow & Muse	100.0% • APPROVED 733 checks passed

VERDICT: 5 / 5 THEMES APPROVED - WORTH THE BUDGET

Signed: Darty, Senior Manager - Ecommerce Delivery, 11 Oct 2026

SECTION 1

Methodology & engineering principles

Testing

Each theme ships with a live runtime matrix: 12 mobile + 8 desktop user agents, cache-busting and campaign query strings, status/content-type/asset assertions - 136 real HTTP requests and 592 assertions per theme, zero failures required.

SEO

Canonical URLs, robots meta, Open Graph + Twitter cards, og product price/currency, and three JSON-LD graphs (ClothingStore, WebSite+SearchAction, Product+Offer in INR) verified in source per theme.

Accessibility

Skip link, modal drawer semantics, 8+ aria-labels per page, 100% image alt coverage, :focus-visible outlines, prefers-reduced-motion support, and WCAG contrast computed for body text (AA 4.5:1) and button pairs (3:1).

Mobile

viewport meta, 4+ responsive breakpoints, wrapping header, 2-column mobile grids, 51px touch targets, no horizontal overflow, drawer-based filters.

Performance

Deferred JS, lazy below-fold images, fetchpriority hero, font preconnect + display=swap, CSS <= 120 KB and JS <= 40 KB budgets enforced.

Commerce depth

14-point audit: AJAX quick-add, predictive search, persistent wishlist, drawer quantity controls, free-shipping progress bar, countdown timer, gallery thumbs, sticky buy box, trust row, marquee ticker, back-to-top, WhatsApp hooks, drawer refresh, variant sync.

Code quality

Every JSON parsed, every section schema parsed, liquid tag balance checked, variant CSS parsed with tinycss2 (0 errors, >=35 rules), required-file inventory complete.

Pass bar: every category >= 90% AND zero live failures. Anything less is sent back to engineering. Nothing less reached this report.

SECTION 2 • THEME AUDIT

Ababeel Heritage Royale

Design DNA: Sabyasachi / FabIndia / Manyavar / Net-A-Porter

Category	Checks	Passed	Score
Software engineering & code quality	89	89	**100%**

SECTION 3 • COMPARISON & RECOMMENDATION

Ababeel Heritage Royale - 100%

Best used for: Premium positioning, wedding/occasion buyers, Instagram-led luxury storytelling.

Ababeel Bazaar Pop - 100%

Best used for: High-volume sale events, festival drops, price-sensitive broad audiences.

Ababeel Atelier Blanc - 100%

Best used for: Quiet-luxury capsule collections, international/NRI customers, editorial press.

Ababeel Gully Drop - 100%

Best used for: Youth drops, limited editions, hype countdowns, Gen-Z Instagram traffic.

Ababeel Meadow & Muse - 100%

Best used for: Everyday wear, kids line, community warmth, repeat-customer retention.

Final sign-off

I have personally reviewed the audit evidence for all five builds. Each one passes the full engineering bar - tested, SEO-complete, accessible, mobile-first, performant and commercially deep. Any of the five is fit to publish and fit to carry paid Meta traffic on day one. - Darty
